Skills

Programming Languages: Java, JavaScript

Web Technologies: HTML5, CSS3, Bootstrap5, React.js

Version Control: Git, GitHub

Tools & IDEs: EditPlus, VS Code, Eclipse

Key Skills: Project Management, Presentation Skills, Strong Work Ethic, Problem-Solving Mindset, Self-Motivation.

Projects

IOT- based Solar-Powered Induction Cook Oven System Design for Street-Thela. (Final Year Project)

- IOT-enabled solar-powered induction cookers offer remote control and live monitoring, helping to reduce costs. Heating is achieved through eddy currents and hysteresis losses in the magnetic core.
- The use of solar panels makes the cooker environmentally friendly and affordable, while IOT integration enhances convenience and efficiency for users.

Foodiez Website | [Link](#) | [Source Code](#)

- Foodiez is a modern, responsive food delivery website built using **HTML5, CSS3, Bootstrap5 & JavaScript**, offering a smooth and intuitive user experience.
- It features interactive menus, smart navigation and streamlined ordering, allowing users to easily order and enjoy their favorite meals without any hassle.

Spotify Clone | [Link](#) | [Source Code](#)

- Spotify clone built using **HTML5, CSS3 & JavaScript** that lets users enjoy songs in Bengali, English and Hindi.

Medicare Website | [Link](#) | [Source Code](#)

- Medicare is a responsive healthcare-themed website built with **HTML5, CSS3, Bootstrap5 & JavaScript**, and includes features like a navigation-bar, image-carousel, service cards, gallery, user reviews and footer with contact information.
- It highlights services, showcases doctors, and shares user feedback to build trust. The overall experience feels like an approachable and professional platform, just like a friendly visit to a clinic.

Portfolio Website | [Link](#) | [Source Code](#)

- This is a responsive portfolio website designed to showcase a developer's skills, projects, and contact information in a clean and professional layout.
- It reflects strong creativity, solid technical proficiency, and a continuous passion for learning, and is built using **HTML5, CSS3, Bootstrap5 & JavaScript**.
